

Oil Painting: A Valued Approach

Taught by award-winning artist Johanna Spinks

Paint in the tradition of the Old Masters, whether your style is contemporary or classical, using a time-honored approach to painting form breaking down what you see into a simplified five-value system.

Learn to paint with confidence and an understanding of how light works AND it's partner shadow.

This class covers all aspects of painting, landscape, still life, portrait and figure.

Beginners most welcome. They start painting a simple form, an apple, in black and white, progressing at fast speed.

Advanced students use the same basic value approach with dazzling result.

Frequent demo's/critiques: glazing, palette knife, wet-into wet, scumbling. Frequent fun.

Students can work on own projects, portraits etc., for critique and help. There will also be still life set ups to paint from, class lessons, and a portrait/figure demo.

WHEN: Friday January 26 thru 28th 2018

COST: \$375 Members \$400 Non Members
